

## January = I'll find my Safe Route to School

January is a perfect time to try walking school.... it's good for both personal and community health and safety. Find your best route, invite a friend and go!!

### **Safety is a family affair!**

Walking and biking is a fantastic way to get to school and get around town.

Everybody should:

1. Keep your EYES and EARS OPEN, know what's going on around you.
2. Cross the street at the corner, or at a crosswalk if there is one, and obey all traffic signals.
3. Look left, right, left again, AND behind before crossing. Continue looking all ways until you reach the other side.
4. Before starting to cross, make eye contact with stopped driver/s so they see you and know your intention.
5. Walk on a sidewalk. If there is no sidewalk, walk on the left side of the street, facing oncoming traffic.
