

Welcome Back Everyone

The beginning of the new school year is the perfect time for students and families to start creating healthy, fun and safe habits. Safety is everyone's responsibility! As we travel to and from school:

- keep your eyes and ears open,
- if driving, slow down to 20 MPH or less in school zones and neighborhood streets,
- check for safety at all intersections and follow the directions from crossing guards.

Remember we must all look out for each other and work together so everybody gets there safely!

Be sure to mark your calendar for Wednesday October 10, 2018. It's International Walk+Bike to School Day! Let's see how many people we can get walking and biking. Stay tuned for more details!
